---

Dear Scott,

Further to your request, here is the calculated VOC of the different adhesives we manufacture for Mondo according to the California rule #1168.

Product	VOC (g/L)			
	One component	Part A	Part B	Combined*
MP 500	36,6			
MP 900	14			
PU100		61	777	104
PU100 FS		65	184	72
EP55		3	47	10
PU 105		79	855	126

\* Theoretical calculated VOC, from the combined calculated VOC with the proper ratio.

I hope this information is useful, do not hesitate to contact me should you have any questions.
