Re: **VOC for PU105**

Attention: **Pat Santullo**

Dear Pat,

The following is the VOC content for PU105 according to Rule 1168 of California's South Coast Air Quality Management District:

Part A and B Mixture: 48 g/L

If you have any additional questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Safiya Hamit".
