Much More Than Just a Floor

The exclusive ReACT system from Pavigym combines high resistance E2 polymers and advanced air matrix technology that provide a point elastic surface that is 5X more shock absorbent than a hardwood flooring.

On each movement, the ReACT system momentarily compresses on impact and responds with a tremendous amount of "spring". This protects the user's skeletal structure, muscles and joints while reducing fatigue and risk of injury.

Pavigym Aerobic

- Group exercise with limited weights and accessories
- Excellent sound absorption
- Protects against injuries to joints

Pavigym Combi

- Group exercise with heavy accessories such as weights and Spin bikes
- Additional resistance for group exercise classes
- The best performance in its category for absorbency, comfort and security of movements

Product	Size	Thick	Item #	Price
Pavigym Aerobic	39 3/8" x 39 3/8"	3/8"	PVGA09	\$6.21 sq. ft.
Pavigym Combi	39 3/8" x 39 3/8"	1/2"	PVGF12	\$6.97 sq. ft.

Pavigym Fitness

- For strength, cardio, spin and multipurpose
- Great resistance against scuffs
- Noise, sound and vibration reduction
- Interlocks with PaviGym Free Weight HD

Pavigym Free Weight

- Realistic "wood grain look"
- High density rubber materials provides resistance against marks and scuffing
- Perfectly Interlocks with PaviGym Fitness
- No transition needed between free-weight and fitness areas.

Seamlessly Transition from Fitness to Free Weight Areas

With more than 45 years experience as the world leaders in our industry, Pavigym has also been working closely with many of the leading gyms, health clubs and hotel chains around the world during the last two decades.

I've had so many of my students come up to me and say how much they appreciate the floor. Their backs and knees are not hurting at all. It was a great investment.

Before

After

Thanks for all the help with the new aerobics floor! It went in very smooth and I did most of it myself! Only took about 3 hrs! The aerobics classes love it! Should have taken the pic prior to lifting the old nasty carpet. Thanks again for all the help!

Carla B.
YMCA - Macomb, IL

THERE'S A WORLD where flooring becomes an interactive part of the training session. **Pavigym** has created this world, providing an elegant, personalized and comfortable environment which is suitable for individual training and/or group exercises.

functional zone by PAVIGYM

TUFF-LOCK™

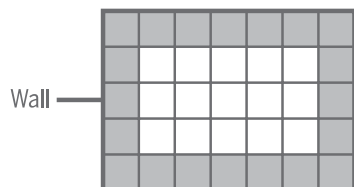

Interlocking Rubber Tiles

Tuff-Lock™ offers the same durability, great looks, and easy maintenance as Tuff-Roll™ with the added advantage of easy-to-install, interlocking tiles. The 24" x 24" puzzle-cut tiles are easy to handle and fit together without the need for messy adhesives. Tight fitting puzzle edges hide seams and reduce dirt buildup. Tiles are easy to cut or trim with a standard utility knife. When compared to the installation costs of glue-down flooring, Tuff-Lock™ is an economical flooring solution.

Wall-to-Wall Layout

For a "wall-to-wall" layout, all center tiles are cut with a utility knife to fit the room.

Area Rug Layout

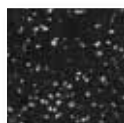

Corner, border, and center tiles are used to create an "area rug" layout.

HIGHJOLT™

Interlocking Rubber Flooring

HighJolt™ combines unsurpassed quality with the installation ease of interlocking tiles. Protect your floors against damage from cardio equipment and falling weights with this easy to install, durable rubber flooring. Made from a premium vulcanized rubber, HighJolt™ provides maximum elasticity, superior weight resistance and excellent anti-fatigue properties. Interlocking tiles are quick and easy to install and, due to a computer-assisted cutting system, are virtually seamless. No coatings are required, making HighJolt™ easy to maintain.

No Adhesives Needed

HighJolt™ tiles are cut using a computer assisted precision cutting system that produces virtually seamless joints.

DURA-FLEX™

Proven Rubber Flooring

Made with an exceptionally durable formulation of natural and synthetic rubber flooring, Dura-Flex™ withstands the harshest treatment. Won't gouge, scratch, crack, peel, or shrink so it's ideal for ice arena floors, weight rooms, training areas, and locker rooms. Extremely resistant to spills, burns, and stains, Dura-Flex™ maintains its new look year after year. Available in economical rolls or tiles, Dura-Flex™ can easily be glued to a clean, dry sub-floor for total protection against water seepage and bacterial growth. Expensive protective finishes are not needed. Basic periodic cleaning is the only maintenance needed.

Colors of PaviPlay have a grained pattern. PaviPlay tiles are available in blue (B), green (G), yellow (Y), and red (R).

Comfort and Security

PaviPlay Multi range is ideal for classrooms and multi-use rooms. With all the usual PaviPlay characteristics, its texture and extra resistance permits use barefoot or with appropriate footwear. The PaviPlay Re: Act system goes through rigorous testing to insure that PaviPlay flooring tiles meet Head Injury Criterion (HIC).

Anti-Bacterial Protection

Latex & PVC free, thus making for a safer environment. PaviPlay is manufactured with safe and sanitary material, protecting against fungi and bacteria.

Easy to Clean and Maintain

Waterproof and stain resistant, simply vacuum and mop. Tiles fit together like a jigsaw puzzle. Assembly is so easy that a play surface can be constructed anywhere in a matter of moments!

PLAYGUARD

Playground Safety Surfacing

Made from high quality, 100% recycled rubber, PlayGuard tiles are a safe, durable, and clean alternative to wood and rubber mulch. Tiles stay in place, providing the safety of poured-in-place systems, but with ease of installation and maintenance.

- Patented, premanufactured polymeric Ultra wear layer (2 1/2" only)
- Meets 6' and 8' critical fall height requirements per ASTM F1292-04 and is CPSC compliant
- Meets ADA standards, IPEMA certified
- Water permeable
- High coefficient of friction, wet or dry
- Meets stringent criteria under LEED Green Building Rating System

IMPACT TILE

Playground Safety Tile

Placed under loose playground fill at the base of slides and swings, Impact Tile helps absorb the impact of children existing playground equipment. (Tile has tapered edges.)

Size	Item #	Price
36" x 36" x 1 1/2"	DIT	\$53.00 ea.

Playfill granules

PLAYFILL

Safe & Economical Rubber Playground Fill

This rubber playground fill provides superior protection from falls (up to 12'), is not dangerous if swallowed, and won't house insects or bacteria. The rubber chips won't deteriorate, decay, blow away, or work its way into existing surfaces. Playfill installs right over existing surfaces and is maintenance free.

Product	Color	Item #	Price
Bagged Fill	Black*	RDFPF	\$0.23 lb.
Loose Fill	Black*	RDFPF	\$0.20 lb.
50-pound Bag	Black*	RDF50B	\$0.27 lb.

One sq. ft. at 4" = 10.64 lbs.; One sq. ft. at 6" = 16 lbs. *Color options are available.

MONDO® SPORT IMPACT

High Impact Meets High Tech

For the most demanding areas, Sport Impact is the premium weight and skate resistant rubber flooring. It is the leading choice for weight/skate applications.

- Withstands abuse from skate blades, weights, and equipment
- Non-porous surface requires no coating or finishes
- Class 1 fire code rating

- Antibacterial and antimicrobial throughout
- ADA compliant slip resistance
- 100% recyclable

MONDO® RAMFLEX

- Withstands abuse from skate blades, weights, and equipment
- Non-porous surface requires no coating or finishes
- Class 1 fire code rating

- Antibacterial and antimicrobial throughout
- ADA compliant slip resistance
- 100% recyclable

MONDO® FORZA

- Withstands abuse from skate blades, weights, and equipment
- Non-porous surface requires no coating or finishes
- Class 1 fire code rating
- Antibacterial and antimicrobial throughout
- ADA compliant slip resistance
- 100% recyclable

MONDO® ADVANCE

Blend of Durability and Performance

Advance has been established as the most durable and highest performing gymnasium/multipurpose synthetic surface in the industry. Advance meets or exceeds the leading biomechanical standards set for competitive athletic events.

- Non-porous surface requires no coating or finishes •
- Reinforcement against bleachers, tables and chairs •
- Class 1 fire code rating •
- Antibacterial and antimicrobial throughout •
- ADA compliant slip resistance •
- 100% recyclable •

MONDO® SPORTFLEX M

New texture and new formulation •

Unparalleled lifespan; 20+ years life expectancy •

- Outdoor and indoor multipurpose rubber flooring •
- Reinforcement against bleachers, tables and chairs •
- Non-porous surface requires no coating or finishes •

MONDOFLEX II

Non-porous surface requires no coating or finishes •

Reinforcement against bleachers, tables and chairs •

Engineered to deliver performance, safety and comfort •

Outstanding shock absorption •

100% recyclable •

MONDOTURF THERMO-BONDED BACKING

The Ultimate Technology in Turf Binding

Engineered and developed by Mondo, this fully thermoplastic artificial turf backing derived from a newly innovative and patented manufacturing process is easier to install and recycle than traditional polyurethane-coated artificial turf backing.

- Quad-layer construction provides a reinforced matrix
- Backing is >90% porous
- 100% recyclable
- Does not utilize any polyurethane components
- Contains >85% post consumer recycled content
- Flame/creep/UV resistant

MONDOTURF ECOFILL

- Free of carcinogenic substances
- Lower energy return than traditional infill materials
- Reduces granule migration providing a more stable field
- Controlled resiliency on the entire play surface
- Consistent resiliency across the entire playing field
- Certified ISO 9001 manufacturing process
- 50% less overheating versus black rubber granules

MONDOTURF 3NX FIBERS

- New semi-concave structure with three asymmetric center spines
- Provides optimized recovery and dimensional memory
- Superior elastic memory and resistance to matting
- Fibers do not split
- Improved resistance to UV rays
- Color is safeguarded for a longer period of time

MONDOTRACK FTX

The Track Surface of the Olympic Games

Mondotrack FTX is prefabricated synthetic rubber track surfacing, calendered and vulcanized with a particular closed cell structure, with consistent thickness. The non-slip surface has been designed to provide the best traction between the track and shoe spikes, and for a greater contact area than other track systems. The elongated honeycomb is structurally strong and provides improved lateral support and better control.

Hexagon backing •

Harmonious aesthetic design •

Greater contact area/shock absorption/vertical deformation •

Higher energy return •

Lower pressure on the foot •

MONDOTRACK SX

Hexagon backing •

Harmonious aesthetic design •

Greater contact area/shock absorption/vertical deformation •

Higher energy return •

Lower pressure on the foot •

Easy to clean •

Greater water flow efficiency in rainy conditions •

MONDOTRACK SUPER X PERFORMANCE

Multipurpose applications •

Level playing surface = consistent traction •

Greater comfort and safety •

Unrivalled point load recovery •

Withstands heavy traffic •

Extremely maintenance friendly •

No resurfacing or recoating required •

MONDO® HARMONI

New Smooth Texture

Dual durometer construction color layer and backing are vulcanized together—not just laminated. Vulcanization eliminates the possibility of delaminating and provides better resistance to shock impact and indentation. Dense, waterproof, non porous surface with a smooth texture. The surface can be heat welded to create perfectly hygienic surfaces.

- Slip resistance wet or dry
- Wear/abrasion/chemical resistance
- Class 1 fire rating

- Antimicrobial and antibacterial throughout
- ADA compliant
- No stripping or waxing

MONDO® NATURA

- High dimensional stability for comfort underfoot
- Sound absorption - up to 22dB
- Wear/abrasion/chemical resistance
- High static and rolling load resistance
- Class 1 fire rating
- ADA compliant
- No stripping or waxing

MONDO® GEODE

- High dimensional stability for comfort underfoot
- Significant noise reduction of foot traffic
- Wear/abrasion/chemical resistance
- Slip resistance wet or dry
- Antimicrobial and antibacterial throughout

MONDO® TERRANOVA

Homogenous Construction

Homogeneous rubber flooring with color, pattern and antibacterial properties throughout the entire thickness of the product. Dense, waterproof, non porous surface with a slate texture.

- Significant noise reduction of foot traffic •
- Wear/abrasion/chemical resistance •
- High static and rolling load resistance •
- Class 1 fire rating •

Antimicrobial and antibacterial throughout •

ADA compliant •

No stripping or waxing •

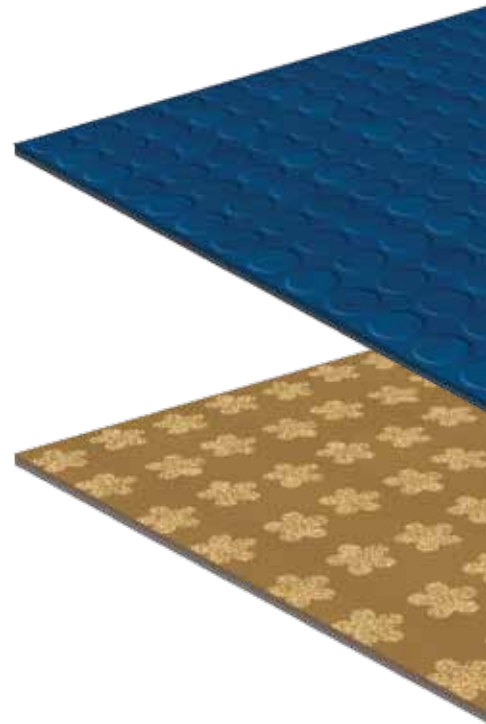

MONDO® BOLLO EXTRA

- High dimensional stability for comfort underfoot •
- Significant noise reduction of foot traffic •
- Wear/abrasion/chemical resistance •
- Slip resistance wet or dry •
- Antimicrobial and antibacterial throughout •

MONDO® IDEA

Mondo Idea is an innovative, unique system of rubber floorings, combining coordinated and complementary colors (in stippled and plain pigments and designed pattern), ordered into chromatic families, in relation to their field of use. Mondo Idea gives a new identity to rubber, offering to designers and architects new decorative opportunities, according to their creativity.

- 30 colors in plain pigments (One)
- + 30 colors in stippled pigments (Grain)
- + 12 designed pattern (Decors)

Burdenko Water Walkers

Water Walkers wings plane out during downward movement for increased resistance, and de-plane during upward movement for minimal resistance. Great for athletes, therapy, obese persons, and people with chronic conditions such as arthritis, asthma, and fibromyalgia. Use with a flotation belt.

Item #	Price
BWW	\$49.95 pr.

Aqua Jogger

Enjoy the benefits of running, cross country skiing, strength training, and aerobic exercises while suspended in water. Constructed from a soft, durable, closed-cell foam, AquaJogger is comfortable to wear, fastens securely, and does not absorb water. Ideal for building endurance and speeding recovery from injury.

Item #	Color	Price
600400	Blue or Purple	\$49.50 ea.

Aqua-Cell Flotation Belt

Great tool for aquatic exercise or therapy. Use in deep water for working leg muscles. Works great with Burdenko Water Walker. Durable heavy-duty black stretch webbing with buckle. 7" H x 27" L x 1 1/4" D.

Size	Item #	Price
27" Belt	652015	\$43.00 ea.
34" Belt - Large	652016	\$47.00 ea.
22" Belt - Small	652017	\$37.42 ea.

Medium Resistance Aqua Gloves

Made from durable neoprene (on palm side only for a non-slip grip and greater resistance) and stretch nylon on back, with closed fingertip webbed construction and adjustable Velcro wrist. Small - Purple; Medium - Black; Large - Yellow; X-Large - Lime.

Item #	Price
650475	\$11.95 pr.

Water Wonder Kickboard

Closed cell PVC foam retains its shape for years. Molded finger grips on the sides allow easy use for every age! Specify red, blue, green or yellow. Approximate dimensions: 10 1/2" x 18" x 7/8".

Item #	Price
600700	\$13.50 ea.

Aqua Runner

Tones and strengthens muscles, builds endurance, and increases coordination. Increased level of intensity when used with AquaJogger. Sizes: Narrow fits women shoe sizes up to 9; Wide fits men shoe sizes 8-13.

Size	Item #	Price
Narrow	TA1201A	\$31.00 pr.
Wide	TA1201B	\$31.00 pr.

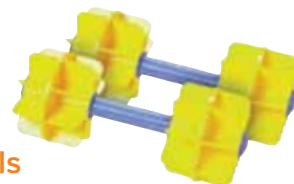

Light Resistance Lycra Gloves

Low resistance webbed glove for therapy or workouts. Stretchy Lycra, comfortable fit. Blue. Sm, Med, Lg.

Item #	Price
650470	\$10.45 pr.

Water Workout Dumbbells

Produce even resistance through all planes of motion. Dumbbells float, but do not provide buoyancy. Ideal for individual water therapy and water aerobics. 14" overall length.

Item #	Price
650610	\$29.00 pr.

Deluxe Foam Water Dumbbells

Padded easy grip hand-hold and capped ends. Great therapy tool for those with arthritis. Three sizes: Mini (12" bar / 3 3/4" foam); Medium (12" bar / 6" x 2 1/2" foam); Large (16" bar / 6" x 5" foam).

Size	Item #	Price
Mini	650613	\$25.00 pr.
Medium	650614	\$26.00 pr.
Large	650615	\$27.00 pr.

Water Barbell

Use with both arms and legs, or as a great learn to swim device. Comfortable, slip-resistant grip. Lightweight and easy to tote. Buoyant ethafoam and PVC. 30" long.

Item #	Price
650603	\$10.25 ea.

PEM® MATTING

Slip Resistant Aquatic Matting

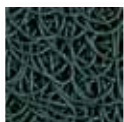

- Soft P.V.C. construction provides comfort for bare foot traffic
- Textured surface reduces the chance of injury due to slippage
- Contains MICRO-CHEK® Antimicrobial, a non-leachable biocide
- Easy to clean with sweeping or washdown
- Enhances facility's appearance
- U.V. stable
- Lightweight
- Green – Phthalate Compliant formula

Seam Reinforcement
eliminates shrinkage when laying mats side by side.

GE Silicone 1800
for everyday applications on wood, concrete, and steel.

Surebond 909 for robust applications including standing/floating water and underwater applications.

PRO DEK™

Ideal For Showers, Locker Rooms, Pool Areas, Saunas, Spas, Steam Rooms, Marinas, Decks, Basements, and More!

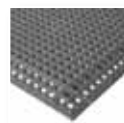

PRO-DEK™

Easy To Install Wet Area Flooring

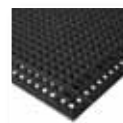

- Allows air and water to pass through quickly and easily
- Prevents formation of slippery puddles
- Prevents standing water that can harbor bacteria, mold, and mildew
- Made with proprietary vinyl that contains a fungicide
- Circular holes for greater comfort
- Comfort Domes form an anti-skid surface
- Custom fit into any area
- Once assembled, can be rolled for easy maintenance
- UV stable material resists fading
- Easy to install—interlocking 12" x 12" tiles snap together
- Edging and corner pieces provide a finished look

ADHESIVES

E-Grip III

For use with rubber indoor and outdoor rubber flooring systems, E-Grip III is a low VOC, one-component urethane adhesive with excellent trowelability and superior tack properties. Indoor on smooth concrete, covers approx. 100 sq. ft. / gal. Trowel size is 1/16" square notch. Use with Tuff-Roll™.

Size	Item #	Price
2-gallon unit	AC1007	\$99.00 unit
4-gallon unit	AC1007	\$181.00 unit

P.U. 105

High-performance, two-component polyurethane adhesive for both indoor and outdoor installations of all resilient floor coverings. Indoor on smooth concrete, coverage approx. 170 sq. ft./ 1.9 gallon unit. Will accommodate moisture reading produced by calcium chloride test of up to 5 lbs. per 1,000 sq. ft. For use with all MONDO® Sports products.

Size	Item #	Price
1.9-gallon unit	PU105	\$132.00 unit

M.P. 900

Solvent-free, acrylic-based adhesive specifically designed for permanent installation of roll goods and tiles. When dry, M.P. 900 develops a strong bond strength that limits the dimensional movement of the flooring. Indoor on smooth concrete, coverage approx. 175 sq. ft. per gallon. Trowel size is 1/16" x 1/16" x 3/32" U-notched. For use with all MONDO® commercial products.

Size	Item #	Price
4-gallon unit	MP900	\$180.00 unit

CLEANERS

Taski Profi

Taski Profi is a solvent free, oil and grease remover with a neutral pH (8.8). It is the recommended cleaner for all of our rubber flooring products. Can be used with auto scrubbers or a mop, making Profi the ideal product for the toughest conditions. One gallon will clean approximately 8,000 sq. ft.

Size	Item #	Price
(4) 1-gallon units	P92009-4	\$90.00 unit

Taski WiWax

This unique blend of detergents, waxes and polymers is formulated to maintain PVC, rubber, linoleum, asphalt, marble, slate, concrete, quarry tile and terrazzo in one easy step, with or without floor finish. Flooring is effectively cleaned while a light polymer and wax film is left behind for additional protection against damage. Recommended for periodic cleaning of Pavigym.

Size	Item #	Price
(4) 1-gallon units	P92019	\$125.00 case

Carefree Matte

This uniquely formulated floor finish provides a durable protective coating and low gloss "silky" shine while maintaining the floor's natural appearance. Use on all resilient flooring. Makes daily cleaning easier. Comes in 5-gal., self-serving unit.

Size	Item #	Price
5-gallon unit	5104757	\$135.00 ea.

Polo-Plaz

Hardwood floor cleaner cleans high traffic areas. Environmentally friendly. Prolongs floor life. Ready to use. Gym Kit includes: 1 qt. spray bottle, 2 gal. Polo-Plaz, MFMA poster, and maintenance video.

Size	Item #	Price
(6) 1-qt. bottles	POL06X1	\$39.00
(4) 1-gal. bottles	POL04X1	\$75.00 case
5-gallon pail	POL05GAL	\$90.00 ea.
Gym Kit	GYMKIT	\$78.00 ea.
Tie Tack - 5 gal. pail	TIETACK	\$100.00 ea.

TESTING

Calcium Chloride Test Kit

Measures Moisture Acceptability For Flooring Installation Over Concrete

Conforms to ASTM F1869-04

This kit determines whether or not a surface is acceptable to receive floor coverings, coatings, cement toppings or moisture sensitive sealers. Obtain a quantitative value indicating the rate of moisture vapor escaping from a concrete floor in 60-72 hrs. Installed at below-grade, on-grade and above-grade concrete floor slabs at a rate of three tests for areas up to 1,000 sq. ft. and one more test for each additional 1,000 sq. ft. of floor area.

Tests Per Kit	Item #	Price
1 test per kit	AMTCCT1	\$19.00 kit
3 tests per kit	AMTCCT3	\$52.00 kit

All Products On This Page Ship Within 24-48 Hours.

KIEFER WALL PADS

Increase the safety of your gym or activity room with these padded wall panels that are custom made to your specifications. Panels are made from 1 1/2" laminated polyethylene foam that is attached to a 3/8" wood panel. A 1" nailing margin is provided at top and bottom for securing panels to wall.

From simple to intricate designs, any type of graphic can be screened onto wall pads. (Additional charges apply.)

Cut-outs and custom sizes are available at additional cost. Please call for a detailed layout and price proposal.

WATERHOG ECO ELITE FASHION (#2241) AND WATERHOG ECO PREMIER FASHION (#2297)

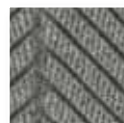

Waterhog construction and performance is combined with a 100% post consumer recycled P.E.T. polyester fiber system that is reclaimed from plastic bottles and a 100% rubber backing that contains 15% to 20% post consumer car tire rubber. These are the most environmentally friendly Waterhog mats ever made.

Certified slip-resistant by the National Floor Safety Institute.

SUPERSCAPE IMPRESSIONS (#3559)

Photo-realistic images, printed ready artwork, tones and shades are all produced with unparalleled detail and clarity. You may also select from our standard palette featuring 25 vibrant colors. Impervious to sunlight, these long lasting logo mats perform beautifully in all types of environments. Suitable for indoor or outdoor use, the high-traction surface effectively removes and traps tough dirt, grime, and water from shoes.

KIEFER CARPET TILES

For Multi-Purpose Areas

Superior Quality and Durability

KIEFER Carpet Tiles are made of 100% solution-dyed, UV stable, polypropylene fibers that will not pull apart like other carpeting can. Exceptionally durable, KIEFER Carpet Tiles are ideal for fitness areas that are subjected to heavy foot traffic, free weights, and exercise machines. Crush resistant, KIEFER Carpet Tiles resist denting and marking that can be caused by heavy exercise equipment. Featuring a unique bitumen backing, KIEFER Carpet Tiles are dimensionally stable and will not curl.

Repels Moisture and Resists Stains

Made from anti-microbial, moisture repellent fibers that will not mildew, rot, or stain, KIEFER Carpet Tiles are great for high moisture areas such as locker rooms, saunas, pools, and drink stations.

Easy Installation & Low Maintenance

KIEFER Carpet Tiles may be installed with traditional release adhesives. With no fumes, no mess, and no dry time installation is quick and easy. Vacuum daily with a commercial grade vacuum cleaner. Periodically clean with a hot water extraction machine to keep tiles looking new.

Multi-Bond Adhesive

Use with rubber and latex backed matting. Coverage approx. 100 sq. ft. per gal.

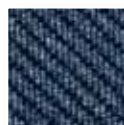

Size	Item #	Price
1-gallon unit	MULTIBOND1	\$18.00 unit
4-gallon unit	MULTIBOND	\$57.00 unit

Dover Tile

The three dimensional, diagonal-rib design of Dover Tile creates a distinct appearance for your fitness facility. Quarter-turn installation forms a parquet pattern.

UPPER BODY RESISTANCE TRAINING

SPRI® Original XerTube

The patented XerTube offers a safe, effective total body conditioning program and progressive resistance levels for multiple uses and fitness levels. Unless specified by customer, yellow XerTubes come with soft handles. All other colors come with hard handles.

Product	Resistance	Item #	Price
Original XerTube	Y, G, R, B, P	XRT	\$9.95 ea.
XerTube w/sleeve	Y, G, R, B, P	XTWS	\$12.95 ea.
Double XerTube	Y, G, R	DXT	\$11.95 ea.
Ultra Toner	Y, G, R, B, P	UT	\$9.98 ea.
Wall Product Chart		WC-XT	\$14.98 ea.

Quantity discounts available. One free instruction sheet per order.

SPRI® Double XerTube

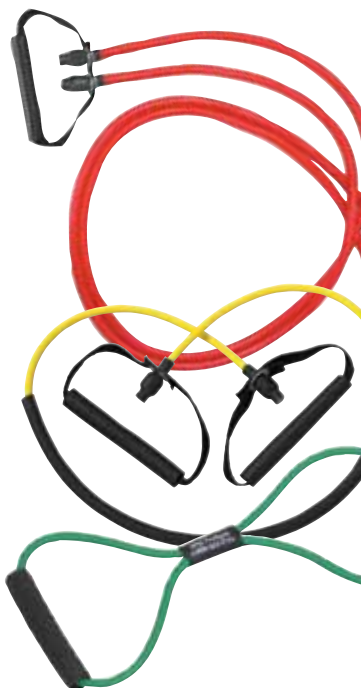

Twice the tubing for twice the resistance exercise effectiveness. Dual-anchor point exercise stances provide unique bi-angular tubing resistance for the upper body and rotator cuffs.

SPRI® XerTube with Sleeve

Get the same features and high quality construction as Original XerTube with a 20 inch protective sleeve for added durability. Ideal for carpeted or rough surfaces.

SPRI® Ultra Toner

The most effective single arm and double arm exercises for total upper body conditioning.

LOWER BODY RESISTANCE TRAINING

SPRI® Original XerCuff

Conditions all muscles of the lower body. Helps develop muscular strength, endurance, agility and balance. 32" long.

SPRI® XerCuff Plus

XerCuff Plus is specified for martial arts and kick boxing, providing increased resistive range of motion for developing stronger stances and more powerful kicks. 36" long.

Product	Resistance	Item #	Price
Original XerCuff	Y, G, R, B	XRC	\$17.95 ea.

SPEED/AGILITY EQUIPMENT

Basic Agility Ladder

An economical way to perform footwork training for improved speed, balance, and coordination. 15' long with 10 slats. Comprised of two 7'6" sections. Exercise guide included.

Power Chute

Improves speed, explosiveness, acceleration, and stamina. Resistance varies by chute size, number of chutes used, and athlete's speed.

Power Sled

Provides upper and lower body resistance that develops speed and strength while allowing free movement in a normal running motion. Load up to 200 lbs. Fits Olympic weight plates.

Smart Hurdles

Equipped with a handle, Smart Hurdles are easy to carry. Features three-point basing for improved stability and safety. Bright yellow and black color. 6 hurdles, 12" high x 20" wide.

Resistance Tether

Develops maximum strength and power for running and change of direction. Keeps resistance around the hips or torso. Harness attaches to 10' long nylon web cord with PVC handle. Waist belt fits up to 42" waist. Includes mesh bag and instructions.

Product	Item #	Price
Basic Agility Ladder	TA1691	\$56.50 ea.

12 oz. Velcro® Boxing Gloves (red)	BGPU-F12	\$47.95 pr.
16 oz. Velcro® Boxing Gloves (blue)	BGPU-F16	\$56.95 pr.

DIVE-SAFE TILES

Interlocking, unitary rubberized tiles

Dive-Safe is rubberized safety surfacing, flooring and paver products that are made from 100% recycled tires and rubber granules.

Dive-Safe Tiles meets or exceeds these ASTM, CPSC, and ADA standards by up to 42% when compared to competing products.

Weathering (Aging) Test

ASTM C-67 & ASTM D-573

Skid Resistance Test

ASTM E-303

Fire Retardant Test

ASTM E-108

Thermo Conductivity Test

ASTM C-518-98

Accessibility-Rotational Penetrometer Test

ASTM F-1951-99

These critical tests are the value of avoiding legal problems resulting from lawsuits that stem from inappropriate ground cover.

Size	Thick	Fall Height	Item #	Price*
22" x 44" tile	1 3/4"	5'	DS134	\$9.26 sq. ft.
22" x 44" tile	2 1/2"	7'	DS25	\$10.85 sq. ft.
22" x 44" tile	3"	8'	DS3	\$12.27 sq. ft.
22" x 44" tile	3 1/2"	10'	DS35	\$13.10 sq. ft.

* Price includes adhesives and bolts for installation.

ADA transitional ramps (finished edges) area also available; 22" x 44" tile.

GOLF COURSE MATTING

Safety For Spikeless Golf Shoes

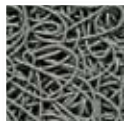

Reduces the risk of slippage in wet conditions. Porous construction allows moisture to flow through. Resistant to environment and chemical degradation. U.V. stabilized material. Withstands extreme temps. Lightweight. Easy to clean. Trims easily.

PolyGuard (250 feet long)	PG250	\$164.95 ea.
PolyGuard Ties - 100 pack	PGT	\$20.95 ea.
Installation Tool	PGIT	\$34.95 ea.

Available in green-14 and yellow-11. Please specify color when ordering

BASEBALL HALO KITS

Made With Spike-Resistant Nylon

A halo kit replaces the area around home plate with an artificial turf. Traditionally, this area has tremendous traffic and grass has difficulty growing. Kiefer's Halo Kits are designed per the standard baseball field layout - 13' radius from the back point of home plate. Features high quality, spike-resistant nylon surface over an all weather unitary backing. All seams are cut to fit. Each kit includes two 6' on-deck circles.

Product	Item #	Price*
5-foot Halo	GTHK5	\$3,990.00 ea.
5-foot Halo with Wings	GTHKW5	\$4,320.00 ea.
10-foot Halo	GTHK10	\$4,655.00 ea.
10-foot Halo with Wings	GTHKW10	\$5,320.00 ea.

* Lettering and logos available at an additional charge.

KIEFER SCREEN

Wind and Privacy Screen

Ideal for tennis courts, outfields, bleachers, and work areas, Kiefer Screen offers privacy and provides protection from the wind. Kiefer Screen is made from 9 oz. vinyl coated polyester, feature 70% shade, and is hemmed with brass grommets every 12" for easy installation. Simply fasten screen to fence with plastic ties or rope (sold separately).

Product	Item #	Price
6' Kiefer Screen	WS6	\$0.58 sq. ft.
7' Kiefer Screen	WS7	\$0.61 sq. ft.
9' Kiefer Screen	WS9	\$0.64 sq. ft.
7" Plastic Ties	PT	\$16.00 /hundred
Plastic Rope	PR	\$16.00 /100 In. ft.

Please specify color when ordering. Color variations may differ from catalog.

SCAN-ICE®

Indoor or Outdoor Ice Skating Flooring

Performs, looks and feels like ice, either indoors or outdoors. Ideal for hockey, figure skating or for recreational skating. Has similar coefficient of friction as a fresh ice surface. Made of synthetic materials that allows for skating activities in any weather condition.

Optional wall system is available to be installed securely to Scan-ICE® with specially designed aluminum profiles. Rubber edge gives better puck reflection and lowers the noise from the puck hitting the walls.

Optional Scan-ICE® wall system secures to flooring.

Rubber edges on wall system are shaped as continuous bench.

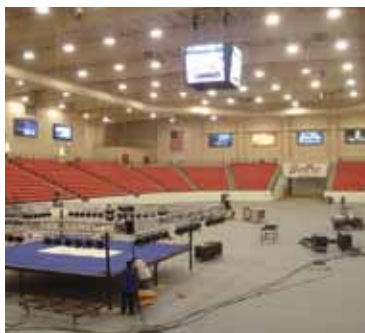

PORTAFLOOR®

Roll-Out Special Event Flooring

PortaFloor is the ideal, versatile, roll-out solution for easily converting your outdoor or indoor facility into a stage for any event. It can be placed over artificial turf, natural grass, dirt, ice, asphalt, concrete, and many other surfaces. Installation is quick and efficient. Standard color is grey.

- Portable, reusable system
- Economical to use
- Rugged and durable
- Effective in all weather
- UV resistant
- Protects sub-surface

A variety of Scan-ICE® and PortaFloor® options are available. **Call 1-800-322-5448** to learn which product would meet your needs and to receive a personalized proposal.

INSTAFIELD

Add a Field Just About Anywhere

One of our most popular indoor surfaces. Very popular for indoor soccer and small athletic fields. No infill needed. Ideal for indoor facilities over concrete. Can also be used for walkways, pet areas, and more. Can be installed outdoors on a compacted aggregate base or indoors on concrete.

Directional Arrow	SDSTENKDA	\$15.00 ea.
Additional Hashmark Set	SDSTENKHM216	\$80.00 set

EVERLAY T

Underlayment for Moisture Mitigation and Renovation

Stabilizing, waterproofing and insulating fibreglass underlay, treated on both sides with synthetic elastomeric resins, with a series of stems in expanded resin on the underside.

It can be dry-installed and forms a continuous base with excellent resistance to damp. Underlay suitable for various floorings installed with polyurethane resin-based adhesives.

Everlay T Assures:

- Excellent resistance to damp
- Good thermal insulation
- Excellent stabilization
- Soundproofing and noise reduction

Simplified Installation

Reduces laying time, avoiding the delays caused by screen maturing time. The use of Everlay underlays installed without adhesive onto suitably prepared surfaces will provide a continuous base with excellent resistance to damp, onto which the new flooring can be installed.

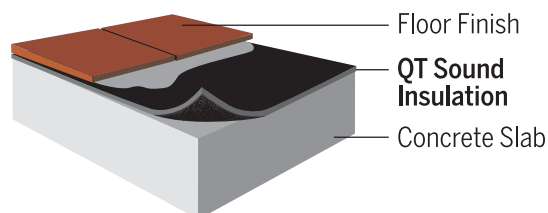

Width	Thickness	Item #	Price
6 ft. 4 in.	1.5 mm	EVER15	\$1.80 sq. ft.
6 ft. 4 in.	4 mm	EVER4	\$3.51 sq. ft.

QT SOUND INSULATION

Superior Impact Sound Control

QT sound control underlayment is a flat, resilient underlayment used directly under all floor finishes, yielding exceptional results even under hard surface flooring and over concrete and wood joist construction.

Use E-Grip III to adhere to substrate. **p. 28**

Performance Benefits

- Thin-set tile and stone directly to product per ASTM C627
- 5 mm thickness QT performs better than 1/2" cork per ASTM E2179
- Compatible with all floor finishes
- Fast installation
- Available in 48" wide rolls and a variety of thicknesses
- Waterproof membrane and peel-and-stick options available
- Crack isolation membrane protects ceramic tile, porcelain, and stone from substrate cracks
- Rated light commercial by the Tile Council of North America

Size	Thickness	Item #	Price
48 in. x 75 ft.	2 mm	QTSCU4002	\$180.00 roll
48 in. x 30 ft.	5 mm	QTSCU4005	\$163.00 roll
48 in. x 15 ft.	10 mm	QTSCU4010	\$163.00 roll

BACKDROPS AND TABLE COVERS

KIEFER

SPECIALTY FLOORING, INC.

CONTRACTING

Over the years, Kiefer Specialty Flooring, Inc. has been consistently recognized by the American Sports Builders Association for promoting the highest standards of construction excellence. As we look toward the future, Kiefer will continue this tradition of contracting excellence.

Kiefer's commitment to quality is second to none. From the accuracy of plans to getting us the supplies and equipment we needed, there was nothing that the staff at Kiefer overlooked. We are very happy with the outcome of the project and look forward to working with Kiefer again.

Nick Papanicholas Sr.
Nicholas & Associates, Inc.

We have worked with Kiefer on several projects and, time and time again, they have always come through when we needed them. Kiefer's experience in construction and surface installation is obvious in every unique project we do with them. We can rely on them to get the job done.

Dave Williams
Williams Brothers Construction, Inc.

Kiefer's knowledge and experience helped greatly in making my vision become a reality and making the client's project a huge success. Their Mondo product line is incredibly diverse in applications, textures, and colors and will greatly enhance the overall quality of any project.
