

AUTOVAC STRETCH 42" • FOR ATHLETIC FACILITIES

# Protect the Floor. Elevate the Clean.

Clean large gym floors faster, safer, and more effectively — with a wide-area system built for the size, speed, and standards of modern sports facilities.

**40,000** sq.ft.

Cleaned per hour\*

**99%**

Of soils removed\*

Wide-area cleaning path

**Less**

Water &amp; chemical used

## THE SOLUTION

### Wide-area floor cleaning built for athletic spaces

Slippery sports floors are most often caused by the buildup of dust and debris. The Kaivac AutoVac Stretch 42" cleans large hard-surface areas quickly and consistently. A wide path, simple walk-behind operation, and high-efficiency soil removal make it ideal for gym floors, field houses, fitness areas, and multipurpose rooms — without the cost and complexity of large autoscrubbers.

#### Fast

Clean more square footage in less time.

#### Simple

Easy to operate, train, and repeat across shifts.

#### Effective

Removes dust instead of spreading it around.

#### Efficient

Uses less water and chemical than mopping.

#### Facility-Friendly

Wide-area clean, autoscrubber alternative.

## IDEA APPLICATIONS

Gymnasium floors

Basketball &amp; volleyball courts

Fitness &amp; training areas

Athletic corridors

Field houses

## Installed right. Maintained right.

AutoVac Stretch 42"

#### Why Kaivac?

- ✓ Certified safe floors — NFSI High-Traction certified with AutoVac
- ✓ Floor that sells your program — gleaming, camera-ready
- ✓ Protects your six-figure investment — low-moisture, finish-safe
- ✓ One operator. Whole floor. Done. — 25,000+ sq. ft./hr
- ✓ Actually clean — not just mopped — 99.8% dust and debris removed

Kiefer Clean

#### Why Kiefer?

- ✓ Designed for wood and synthetic athletic floors
- ✓ Safe for MFMA-approved finishes and resilient surfaces
- ✓ Breaks down sweat, body oils, and organic residue
- ✓ Extends finish life by reducing abrasive dust buildup
- ✓ Usable as a daily cleaner on many hard surfaces
- ✓ Leaves no residue or film to affect traction or sheen

## THE PARTNERSHIP

### Bring better floor care to your athletic facility.

Kiefer USA brings deep expertise in athletic flooring design and installation. Kaivac brings cleaning systems engineered to remove soil more effectively and simplify wide-area maintenance. Together, we help institutions think beyond the install — pairing premium athletic surfaces with a practical, high-performance way to keep them looking ready for play.
